L's animaux voudraient bein nos aîdgi par Geraint Jennings

Ma chatte aime aîdgi quand j'fais la lav'thie.

Oulle arreune toutes les couleurs d'auve les bliancs.

Mais ou fut embrontchie dans eune ântchie,
mînse dans la machinne et ouâchinnée d'dans!

Né v'là la câniche qu'man tchian a bâti
atout des plianches, des clious et un marté.

Ch'est grand pitchi qu'i' l'a tant boûsilyi.

Lé pouôrre achocre! Un tchian n'a pon d'pônchets.

Ma vaque travâle comme comptabl'ye dé mêtchi:
ou caltchule toutes les taxes et touos l's împots.

Mais j'ai ieu à payi dgiêx fais pus chi
par ses fautes en tapant auve ses chabots.

Jèrriais

Animals very much like to help us by Geraint Jennings

My cat likes to help when I do the washing.

She sorts all the colours from the whites.

But she was tangled up in a pillow case,
put in the machine and washed!

Here is the kennel that my dog built
with planks, nails and a hammer.

It is a great shame that it is such a botch job.

The poor fool! A dog does not have thumbs.

My cow works like an accountant by trade:
she calculates all the taxes.

But I have had to pay ten times more
because of her mistakes while typing with her clogs.
